E FOR RHEUMATIC DISEASES

This Institute, which was founded by the British Red Cross Society, and which is now part of the Middlesex Hospital, affords facilities for the advice and treatment of sufferers from rheumatism and its allied conditions (sciatica, arthritis, lumbago, muscular rheumatism, neuritis, etc.). Such patients should be able to attend regularly as out-patients—probably two or three times a week. There is no in-patient accommodation in the Institute, as this is provided by the Middlesex Hospital and other hospitals as beds are available.

HOURS FOR TREATMENT

Monday to Friday - -	9 a.m. — 8 p.m.
Saturday - - - -	9 a.m. — 1 p.m.

CONSULTATIONS

Before receiving treatment, every patient is examined at the first attendance by a member of the Honorary Medical Staff. EXAMINATIONS ARE ARRANGED BY APPOINTMENT ONLY. Such appointments CANNOT be given until a prospective patient has sent or brought a doctor's recommendation. An application form has also to be completed.

TREATMENT APPOINTMENTS

Treatment can rarely be arranged on the same day as the consultation. Patients can, when making appointments, be advised of the length of time such treatments will take and strict punctuality in arrival should be observed in the interests of others.

Patients are asked to notify the Institute by letter or telephone whenever they are unable to attend at the time reserved for them. This is particularly requested in order that these appointments may be given to other patients.

PRIVATE PATIENTS

There is no Private Patients' Department at the Institute. The Physicians make appointments to see Private Patients in their own consulting rooms and where necessary arrange appropriate treatment in conjunction with the Institute. Fees are payable for this treatment and charges will be made known to those concerned.

How to get to the Institute
